

**2010 National 50cc Limited Champion - DJ Bassani**

**DJ Bassani brings back another title to New Jersey. Although in the past he was familiar rapping up several district titles with his Hetrick backed drr/drx50, this is DJ's first National Championship.**

**2010 National Champion**

2K10 Hetrick Racing rider DJ Bassani not only won each moto in the 50cc CVT on his DRR ATV, but pulled every hole shot as well. The New Jersey based rider proved to be the top gun in his division.

Bassani didn't even have to race the division after his round 8 perfect record win. At this point, the young rider is placed second in the 70cc CVT again on board a DRR ATV. Bassani is now looking for a good finale at Loretta's in mid-August.

Hetrick Racing has been a strong force in the 50cc classes for quite some time. This year proved to be no exception. "Winning the moto has a great deal to do with the power of the ATV and a great rider. We have both this year," said Hetrick Racing owner, Rich Hetrick.

"The 50cc engine is very different than the 70 and 90. You cannot just bolt it together and expect it to work; the engine actually has to be built."

"That's what separated our 50 from the pack this year."
