## PRESS RELEASE

### TA Porting Builds Buddy Williams' Rides for 2009

#### Buddy Williams' 2009 Mini Quads

Article & Photo Submitted By  
Mark Williams  
"Our WORCS Connection"

Tiffin, OH- Tommy Alley of TA Porting is now accepting National Engine Builds for the upcoming ATVA,GNCC,WORCS National Series Races. TA Porting specializes in both two and four stroke mini atv racing motors. From porting work of your own cylinder to full blown National Motor builds, transmission mods and repairs, TA Porting is your one stop shop for speed.

Cylinder work is performed by Tommy himself, through computer aided design, and finished with a superflow high tech flow bench. TA Porting is on the cutting edge of technology in the CVT type mini quad engine system, and have innovations under construction that will be unlike anything ever seen in a CVT mini.

TA Porting has over 25 years experience rebuilding and modifying engines of all types. Tommy Alley, a former employee of Dinli America, has a special interest in the CVT style minis. His motors have powered 2008 70cc ATVA National Champion Christian Horne, as well as 2005 ATVA Champion Zach Strong. TA Porting will also be powering 5 time WORCS National Champion Buddy Williams 70cc machines in 2009.

Tommy Alley himself will be available at the 2009 ATVA Nationals for tech support, and consultation. So if your ready to take the next step with your racing program, or just want a fast reliable motor for your local races, give Tommy a call.
